# LEFALOOP RECYCLING CYCLE

Zschimmer & Schwarz - LEFATEX is setting new standards in textile technology with Lefalooop. Our innovative dispersions are the key to a closed recycling loop for polyester (PES) and polypropylene (PP) materials.

With Lefalooop, we have successfully closed the cycle. Our high-quality dispersions enable you to effectively coat and sustainably recycle textiles and nonwovens. This closed loop significantly contributes to resource conservation and waste reduction.

Discover how Lefalooop is changing the future of the textile industry. Trust in the expertise of Zschimmer & Schwarz - Lefatex and embrace sustainable innovation.
